

Workshops for children - May 2017

The CIOFF Youth Switzerland, in collaboration with the folk dance group *La Farandole de Courtepin*, organized workshops for the primary school's children of Courtepin. About 20 children had the opportunity to discover the Swiss alphorn, folk dances and local tales during an afternoon. Members of the CIOFF committee as well as extern people were in charge of these workshops. At the end of the afternoon, the children presented a little show to their parents.
